

## Ways in which we will utilise our funding: 2017 – 2018

### What is Sport Premium?

Sport Premium is an amount of money which the government has agreed to allocate to schools. The funding amount schools receive is based upon the number of children of primary age the school has at January of that year. The sport premium is to be used to increase the quality & breadth of PE & Sport provision, and increasing participation in PE & Sport. At St. Mary's Primary School, we strive to promote healthy and active lifestyles and aim to provide sporting opportunities for all our pupils. The 2017 - 2018 Sport Premium funding for our school was £16,420

### **£5,000 was invested in the Easington School Sport Partnership Service Level Agreement.**

#### **Rationale:**

At St Mary's RC Primary School we believe that a high quality and enjoyable physical education programme is important for the development of all children's confidence and social skills as well as promoting healthy lifestyles. Through our curriculum we offer the children opportunities to compete both against themselves and others, in order to build self-confidence, resilience and a sense of fair-play. Our curriculum planning has been developed alongside Easington School Sports Partnership to ensure all children are given the opportunities to develop skills, regardless of age, ability or prior experience.

#### **Actions Taken**

- A review of P.E. and Sport provision with support from Easington School Sports Partnership and Durham County Council to ensure progression of skills throughout the school and all areas of PE are covered.
- A review of after school provision to promote healthy lifestyles following discussion with Young Leaders. Provision now includes: football, basketball, dance, gymnastics, athletics, cricket and mini gym at different times of the year.
- All classes will be given the opportunity to work with professional coaches and PE teachers to improve the confidence and skills of children as well as developing the expertise of class teachers.
- To continually audit the equipment used by children and purchase replacements / additional equipment when necessary.
- To continue to work with the FISCH programme in KS2 to increase children's personal fitness and raise awareness of healthy lifestyles.
- To extend Extra Curricular sport to breakfast club.
- To continue to develop the role of Young Leaders at break times and after school clubs.
- To maintain and extend the opportunities for children to compete against other schools, using funding to pay for transport.
